

## Student Right-to-Know Disclosure Information

### Graduation Rates

In accordance with the Higher Education Act of 1965, as amended, Dominican University is pleased to share with you the following information on the average graduation rates of our 2013-2016 cohorts of full-time, first-time, degree or certificate seeking undergraduates and student athletes that received athletic financial aid.

The university tracks graduation rates of first-time, full-time degree-seeking undergraduates who enter the university during the fall term of each year. The rates represent the percentage of students who finish within a time equivalent to 150% of the standard length of their program (e.g., 6 years for a 4 year program). Cohorts of entering groups have been formed each year. The graduation rates of these groups by gender and racial/ethnic background are presented in the following table.
