

DOMINICAN UNIVERSITY: GLOBAL CITIZENSHIP SURVEY RESULTS

In 2011 and 2014, both students and faculty were invited to participate in a survey designed to assess various aspects of global citizenship. This report provides a comparison of student results for the years 2011 and 2014. An interesting feature of this report is that students who completed the survey in 2014 as seniors were freshmen in 2011.

A report issued by the Office of Academic Assessment, Evaluation, and Achievement.

Global Citizenship: Student Survey (9-30-11) Fall2011

Note: Questions marked with * must be answered.

You have been invited to participate in this survey because you are a student at Dominican University. The survey was developed by faculty members at Dominican University to gain a better understanding of students' attitudes about global citizenship. The following questions ask you to rate statements related to global citizenship. The survey will take about 15 minutes to complete. After you have submitted the survey, you will be entered in a weekly raffle where you will have the opportunity to win 1 of 5 gift cards (from iTunes or Target), each valued at \$25.00. Your responses will remain completely confidential, and you have the right to stop the survey at any time without penalty.

The survey will be administered again in 2013-14 to help us determine how well Dominican is preparing students to be global citizens, so if you are an enrolled student in 2013-14, you will be asked to complete the survey again. Dominican faculty are being asked to complete a similar survey.

We plan to post a summary of faculty and student responses on our [Global Citizenship](#) web page, as well as include the findings from the survey in our required reporting to the Higher Learning Commission on our Global Citizenship project. We will report student and faculty responses in aggregate by school/program, always preserving the confidentiality of individual responses.

We are also requesting your consent to include your responses in any presentations and publications that make use of the findings from this survey. As in our internal reporting, any presentation or publication will include only aggregate information and responses that cannot be identified with particular individuals, since the procedures for administering the survey do not allow us to connect individuals to their responses. By answering the first question below, you can choose whether or not to have your responses included in the research for these presentations and publications. However, all answers provided to the survey will be used in our reporting required by the Higher Learning Commission. As indicated above, your responses in either case will be anonymous, and you have the right to stop the survey at any time without penalty.

If you have any questions regarding the survey or research, please contact Daniel Domin, Survey Administrator, at ddomin@dom.edu or by phone at 708-524-6489. If you have any questions regarding your rights as a participant in this research, please contact Dr. Diane Velasquez, Chair, Institutional Review Board, at dvelasquez@dom.edu.
