INDEPENDENT UNDERGRADUATE RESEARCH OR CREATIVE INVESTIGATION COURSE CREDIT DESCRIPTION

Course description: Students collaborate with faculty mentors on an ongoing faculty research project or conduct an independent project under the guidance of a faculty member. This directed undergraduate research or creative investigation will culminate in a conference presentation, journal article, or other creative/scholarly project.

A uniform course number has been established to designate participation in independent undergraduate research/creative activities across all departments in RCAS. For example: Dept195 (e.g., PSYC195, ART195, etc.) is used for first year students participating in independent undergraduate research/creative investigations. A similar course is offered for sophomore level credit (Dept295), junior level credit (Dept395), and senior level credit (Dept495). Each course can be completed for variable credit hours (1-3) and can be repeated for two semesters. **Student must obtain prior approval from a faculty mentor before they can register for any of these independent research courses**
