Who may use the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form:

- Adult individuals who are requesting a religious or medical exemption to immunizations or examinations **must** use this form for students entering the university.
- A separate form must be used for **each student** with a religious exemption enrolled to enter the university
- This form may not be used for exemptions from immunizations and/or examination for personal or philosophical reasons. Illinois law does not allow for such exemptions. (See excerpts below from Public Act 099-0249 enacted August 3, 2015 at page bottom.)

When use of this form becomes required: January 1st 2017

How to complete the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form:

Provide a statement of religious belief(s) **for each vaccination/examination requested**.
- The form must be signed by the adult individual **AND** the individual health care provider* **responsible for performing the health examination**.
- Submit the completed form to the Wellness Center at Dominican University on or before the first day of classes.

Religious Exemption from Immunizations and/or Examination Form Process:

- Dominican University is responsible for determining whether the information supplied on the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form constitutes a valid religious objection.
- Dominican University shall inform the adult individual, at the time that the exemption is presented, of exclusion procedures, should there be an outbreak of one or more diseases from which the student is not protected, in accordance with the Illinois Department of Public Health (IDPH) rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690).

Excerpt from Public Act 099-024 enacted August 3, 2015:

Adult individuals who object to health, dental, or eye examinations or any part thereof, or to immunizations or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations or immunizations if the adult individuals present to Dominican University a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations and/or examinations to which they object. The grounds for objection must set forth the specific religious belief(s) that conflict with the examination, immunization, or other medical intervention. The certificate will be signed by the adult individual to confirm their awareness of the university's exclusion policies in the case of a vaccine preventable disease outbreak or exposure. The certificate must also be signed by the individual's health care provider responsible for performing the student's examination for entry into the university. This signature affirms that the provider educated the adult individual about the benefits of immunization and the health risks to the student and to the community from the communicable diseases for which immunization is required in Illinois.

The religious objection provided need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screening or dental examinations will not provide a sufficient basis for an exception to statutory requirements. Dominican University is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection.

The university authority shall inform the adult individual of exclusion procedures in accordance with IDPH's rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690) at the time the objection is presented.
